

# Aspley East State School

## Year 2 Curriculum Overview - Term 3, 2019

### English

Students will explore narrative texts including its structure and language features. They will develop skills in sentence writing, punctuation, grammar and editing. The Seven Steps resource will scaffold students writing.

### Mathematics

Numbers to 700 and patterns in numbers.

- Problem solving
- Measurement
- Location and transformation
- Time in 5 minute intervals
- Introduction to multiplication and division using concrete materials

### Science

Students investigate properties of different materials and give reasons for the selection of these materials, which combine to make objects that have purpose in everyday life.

### Technology

Students will explore the process where plants and animals are grown for food, clothing and shelter, also covering some aspects of food safety. They will create a flow chart of one food's process journey from Paddock to Plate.

### The Arts

Students will create a poster using media technologies to capture and edit images, sounds and text, using Office Power Point.

### HASS

Students will collect information and represent, record and evaluate how people are connected to places and what factors influence these connections. They will focus on the location of 'Our School' within the suburb of Aspley. They will look at their location within Brisbane, Australia and the world.

### Health & Physical Education

Students explore safe and unsafe situations so that they understand their responsibility in staying safe. They will also develop and perform static balances, locomotion skills, rotations, springs and landings.

### Home Learning

- Spelling
- Reading

### Class and school activities

- Reading/literacy groups
- Silent reading
- Computer skills
- Athletics and reading eggs
